

Data Sheet | Room Divider XS

DESCRIPTION

Semi-assembled pleated room divider for installation in caravans. The XS room divider is available in RMD Brown in two sizes with an aluminium profile.. This simple product is the perfect solution for creating a separate space in a caravan or motorhome.

1800 x 1910

Has a top guiding track and when open is fixed to the wall with the help of a magnet plate- when closed the material is held by a strap.

1210 x 1910

This size has an extra feature, the click closure. This version also has a cassette profile on the wall side for easier fixing.

STANDARD DIMENSIONS

Top guider profile length	1800 mm
Overall height	1910mm
Top guider profile length	1210 mm
Overall height	1910 mm

MATERIAL SPECIFICATIONS

Top guider profile

Extruded aluminium 23,3 mm, cassette is PVC

Pullbar

Aluminium

Curtain

Stitch bonded non-woven nylon.
Curtain colour RAL 9001

INSTALLATION

20mm walls are needed for this installation. Easy positioning by using the positioning part.

The cassette is first taped to the wall to keep it in position.

The top guiding rail is fixed with 2,9mm x 19mm screws. The amount of screws needed depends on the length and material of the top guider profile.

After the top guiding rail, the cassette profile is affixed with 5x 2,9mm x 19mm screws. The magnet counter plate is mounted to the opposite wall of the cassette using a 2,9mm x 19mm screw.

CLEANING

A soft damp cloth with mild detergent

PACKAGING

Individually or bulk with mounting set

SPECIAL NOTE

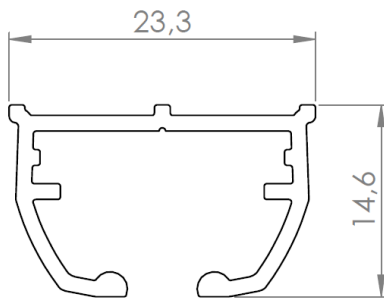

Combine with the TV Screen for optimal privacy.
